

# creative PORTFOLIO

**Computer Networking & IoT Enthusiast | UI/UX Design | Web Development**

# ITS FISAA

*About Me*

I am Zahra Aulia Nafisa, an Informatics Engineering student at the University of Lampung with a strong interest in computer networking, Internet of Things (IoT), web development, and UI/UX design.

**MY HOBBY**

Outside of academics, I have several hobbies such as running, reading at the library, and scrolling through TikTok to find new inspiration. I also enjoy playing badminton, admiring rice field views, and listening to DJ music to boost my focus and motivation.

# PROJECT 01

IoT Project

Developed a smart door system using microcontrollers and sensors as part of an IoT project. The system allows remote control and monitoring to improve home safety and efficiency.

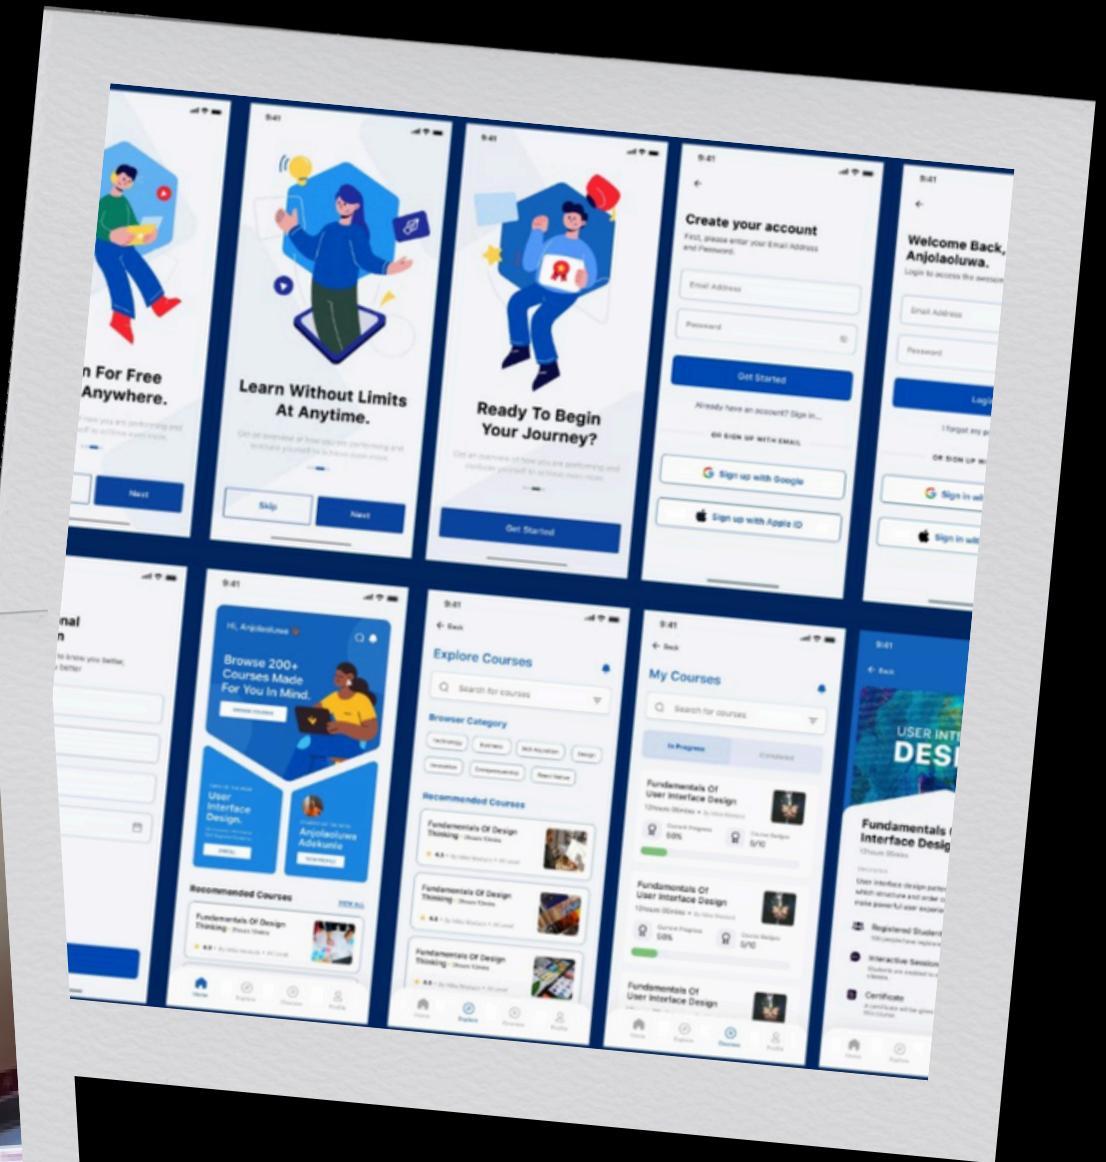

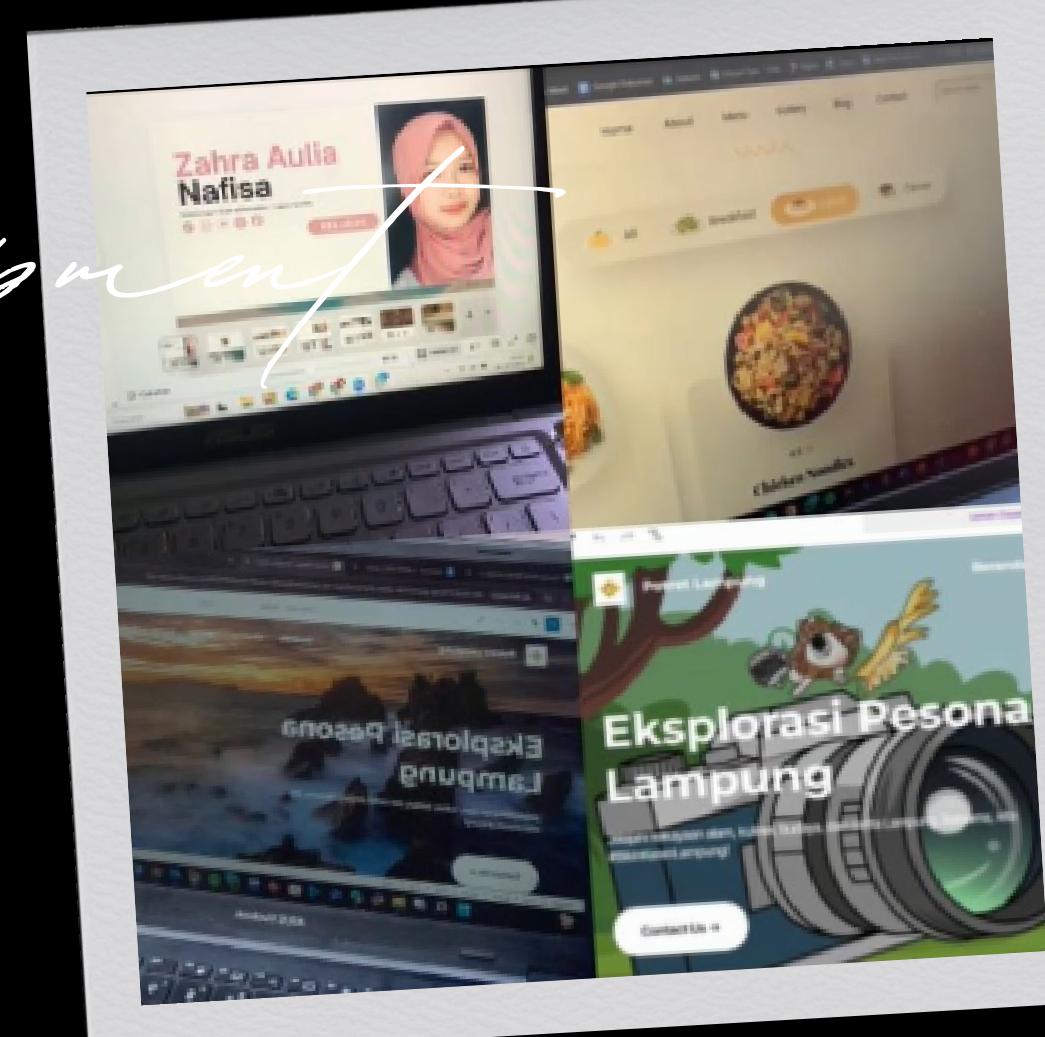

the ground or stay  
iverse is vast, and yo  
s also beautiful. You  
nething big,

# PROJECT 02

*Job Development*

Created an informative website showcasing Lampung's culture and tourism potential. Built using HTML, CSS, and JavaScript, focusing on responsive design and easy navigation.

Step one ground or stay  
iverse is vast, and yo  
s also beautiful. You  
omething big,

# PROJECT 03

Computer

Learned and practiced network configuration, management, and security to ensure stable and efficient communication between systems.

Applied networking concepts to support IoT and web-based projects.

One ground or stay diverse is vast, and you also beautiful. You something big,
